

Surti Leva Patidar Samaj of Southern California

The SLPS has been in existence in Southern California since 1981, we have over 1,400 members, most that are in the hospitality industry, second and third generation hoteliers. The primary reason for forming this organization was to regularly meet for social and religious occasions. Today, we are very proud to say that each of our events exceed expectations in terms of number of attendees. In addition to adhering to cultural events, SLPS hosts an annual Mega Picnic, Volleyball and Golf Tournament.

This year, our Golf Tournament will be held on **Saturday September 14th 2019**, at familiar Westridge Golf Course, La Habra. Over the past few years, we have had record attendance in terms of players and vendors, we are reaching out to you to once again participate. Attached is our Sponsorship Levels page, and below are links to the following:

To further promote our activities, we produce a quarterly newsletter, send regular emails via Constant Contact, and utilize Social Media. We also use the old fashion 'word of mouth', which we feel is still the best form of communication within our close knit membership. We invite you to visit our webpage <http://www.slpsosc.com> – where you can find additional information about our organization. We would be happy to provide upon request, a special userid/password, where you can see pictures from events dating back to 3 years.

Much like our forefathers have brought our society together, we would like to bring your company to our membership. Whether the event we plan is at our community hall in Southgate California, or at an offsite location, we can promote your company and services to each and every attendee. With our database of over 1,400 email addresses, members will always be reminded of your contribution and partnership with us.

Thank you in advance for reading our material, and consideration. Should you have any questions, please do not hesitate to contact any of our committee members.
